

# Mission Ready Generator Trailer

Designed to carry 15 to 60 KVA  
Powercity Generators

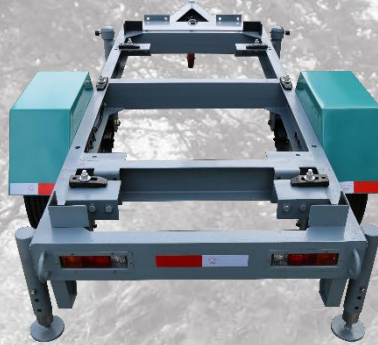

**Powercity**

## Chassis

160 x 65 x 8 mm U-shaped channels; side members and crossbars. Tail lights for braking, signaling and reversing can be connected to vehicle wiring system.

## Ring Coupler

Forged steel with inside diameter of 70 mm for connecting to hitch of tow vehicle.

## Leaf Spring Suspension

The ideal suspension for load bearing trailers. Spreads the weight of load across a wide surface area of the trailer acquiring balance and safety for transport.

## Swivel-Type Tongue Jack

Easy operation. Once the coupler and hitch are secured, the jack can be swiveled parallel to the trailer frame away from the roadway.

## General Specifications

General Specifications	
Model	PGM-1500
Load Capacity (Tons)	1.5
Max. Load (Tons)	2.0
Net Weight (Tons)	0.55
Max. Speed (Kph)	30
Tire Type	6.5 - R15 x 2
Rim Type	4.5E
Generator Application (KVA)*	15 up to 60

*Specifications are subject to change without prior notice.*
